FF MED- MEGASTORE

The large-capacity trolley by FF Co. Ltd.

Former serial product of Blanco Professional

ITS ACE IS ITS SPACE.

The new MEGAstore complements the fleet of medical transport trolleys by FF Co. Ltd. with a lot of extra volume. For a lot of extra material for long working days.

Loaded in the morning, no need to re-stock all day.

The MEGAstore offers ample space for an entire day's worth of consumables. Individually usable modules can be used to store everything needed in the day-to-day running of a clinic. Dust-tight and clean behind space-saving roller shutters or individually opening hinged doors.

Complete standard-conformity.

Nevertheless, truly extraordinary.

The ISO module trolleys are especially adapted to enable the use of ISO modules (600 x 400 mm). Through flexible module carrier walls, all standard brands of ISO module baskets can be retrofitted, making MEGAstore the perfect base for integrated solutions. All over the world. And yet it still stands out. It doesn't go unnoticed: through its award-winning top design and a wide variety of available colours to bring style and cheer to all surroundings.

Chic and smart.

At FF Co. Ltd. , function and design, German technology and high-quality processing are inextricably intertwined. Stylish and modern in shape and colour, smart in its versatility as a valuable assistant – this is why the MEGAstore was distinguished with the Red Dot Award 2014.

Extremely easy to manoeuvre.

Two long, ergonomic push handles on both sides. Their large-dimensioned diameters make them fit particularly well in the hand. As a result, the trolley is easy to move. By people of all sizes.

Sturdy with smooth rolling castors.

FF Co. Ltd.'s proven high quality is featured in the robust corner guards which provide all round protection for the trolley and other equipment or surfaces that it might come in contact with. The double, extra smooth rolling castors ensure easy manoeuvring even when fully loaded. The brakes and directional locks on two castors offer additional safety when parked.

Clean and closed. Easy to open.

In order to ensure that everything is kept clean until needed, an all-round seal protects against dust and dirt. High-quality hinges create an extra large opening angle of 270°.

MEGASTORE **ROLL-FRONT TROLLEYS**

Model	MS_MW_RW_2_ISO	MS_MW_RW_1_ISO	MS_MW_RW_1_ISO longitudinal
Art. No.	543 575	543 573	543 576
